EDUCATION

Presidency University	**Bangalore, Karnataka**
Bachelore of Engineering in Computer Science (CGPA : 8.74 /10.00)	*Graduation Date: Nov 2023*

CORE SKILLS

Java | Python | GoLang | C++ | C# | Springboot | React | Express | Flutter | REST | MySQL | PHP |
MongoDB |

PROJECT EXPERIENCE

CZMAPP	**Ecosystem**
*Gitlink1	Gitlink2*	*Oct 2023 – Oct 2023*

- This is an app that allows users to post and share their thoughts across a board of interest.
- The backend of the app was developed using Springboot, which is fully scalable and can be easily upgraded with the addition of microservices.
- The app was developed using Flutter, making it compatible across all platforms.
- **Tech Stack** : Flutter , Springboot , MySQL , JPA , Java.

Q'Do'or	**Ecosystem**
*Gitlink1	Gitlink2*	*Apr 2023 – May 2023*

- Developed a Flutter-based app that transformed authorization processes by converting JWT authorization tokens into secure QR Keys, enhancing user experience and cross-platform support.
- Implemented Express.js for server-side setup, optimizing request handling and ensuring app responsiveness.
- Employed JWT for tamper-proof token generation and MongoDB for efficient storage and retrieval of user data.
- **Tech Stack** : Flutter , Node.js , Express.Js , RESTful Webservices , JWT.

Personal Portfolio	**Frontend Development**
Link	*Jun 2023 – Jun 2023*

- Created and deployed a fully functional and responsive personal portfolio website hosted on Netlify.
- Utilized React framework to build the website, enabling efficient component-based development .
- Integrated a functional Email component, allowing visitors to send inquiries directly from the website and an automated response mail function to send immediate acknowledgment emails to visitors.
- **Tech Stack** : React, Tailwind CSS, JSX .
